The National Honor Society Honors Teachers

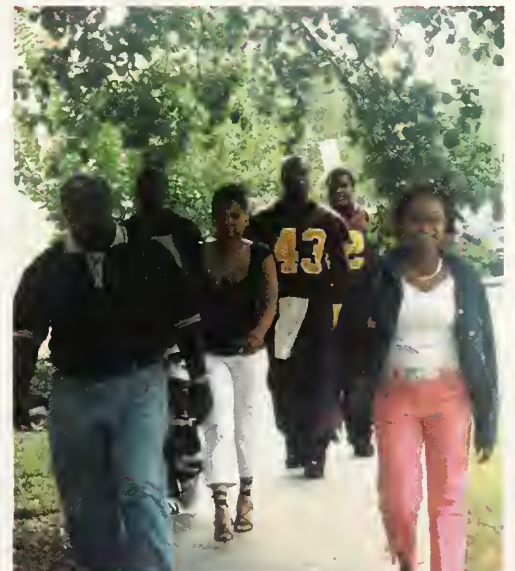

Students at Hinds are well-rounded.

Students are involved in activities that help develop coordination in the band room and in the lab. We enjoy learning and the teachers who take the time to teach us.

The staff is well equipped to meet the demands.

Each day in high school brings great challenges in the classroom, on the playing field and in the main office. The staff is trained to handle these difficulties (one way or another).

SGO and JROTC Induction Programs

Many times throughout the year, high school and college students come together to experience insight from various speakers.

Induction programs have been conducted for the student government and JROTC. These programs are designed to foster leadership and organizational skills .

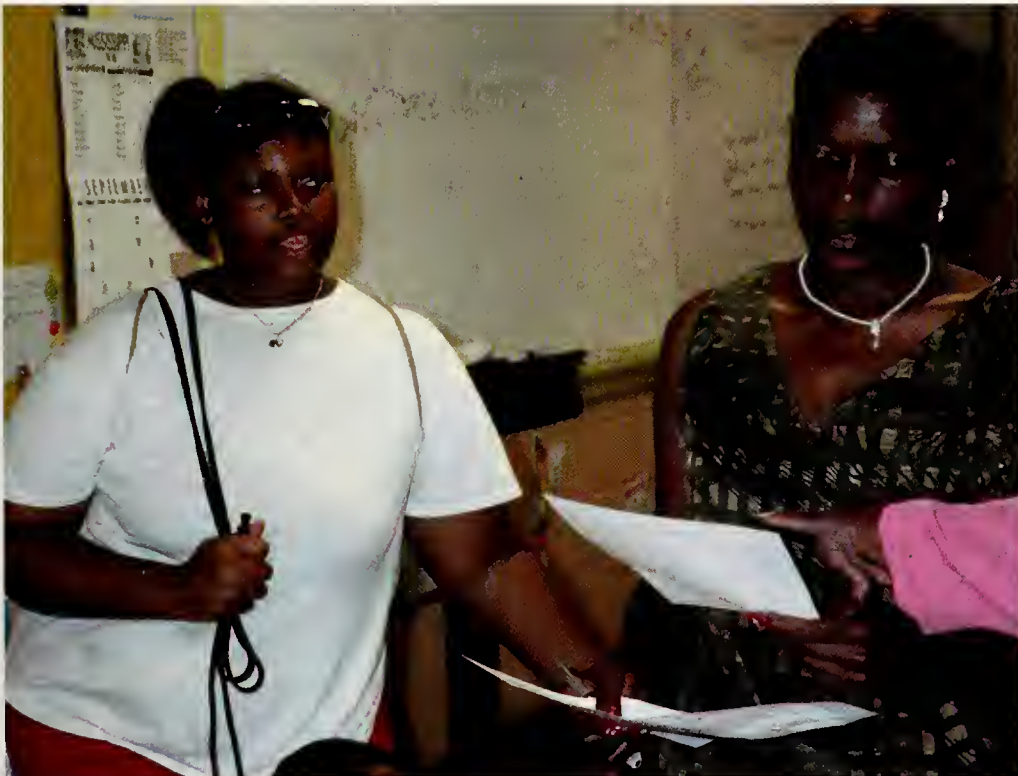

The cadets take the oath seriously.

Open House

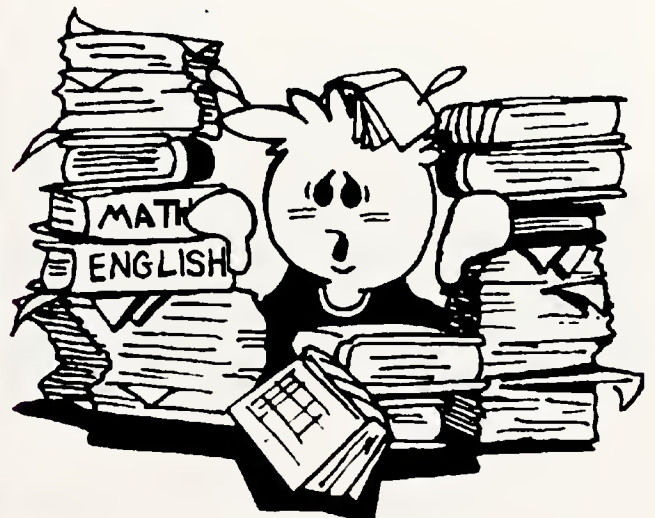

Smiles, smiles, smiles!!!!

Our Parents Are Concerned

The doors of Hinds AHS are open each day to students, teachers and parents. A special invitation is given throughout the year for parents to meet the teachers and discuss the student's academic success.

"I have no idea what's going to happen to me when I get home."

We love our students.

The coaches don't miss a thing.

"Montrez listens closely as Miss Watts gives him directions."

"If I have to crawl, I will get to AP English."

It's not what you wear...or is it?

"I am cool no matter what transportation I take."

Coach Strong said we are getting a 25 % pay increase.

Special moments in 2005.

"I am on my way to class."

A tree fell on my car, making it impossible for me to drive to school.

Mr. Polk works hard for his money.

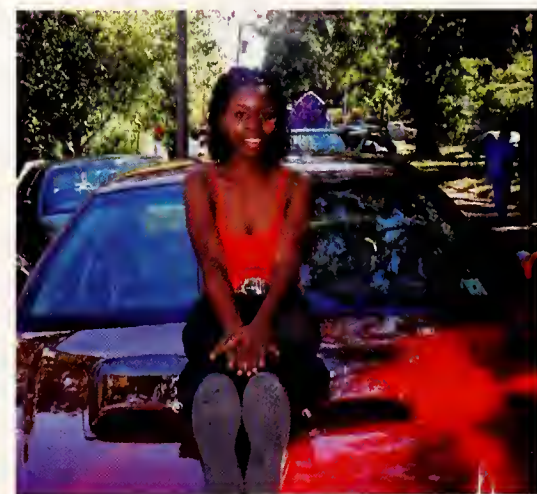

Mr. Harris loves to feed the staff and students.

"You talking to me?"

Homecoming Parade and....

...the spectacular coronation.

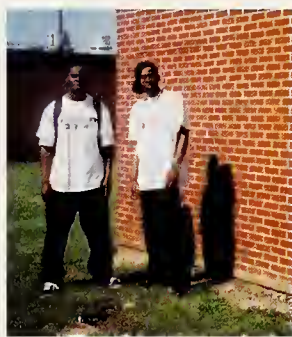

It is always a pleasure to be part of the parade..... "We'll holla at ya."

We saw double during spirit week...

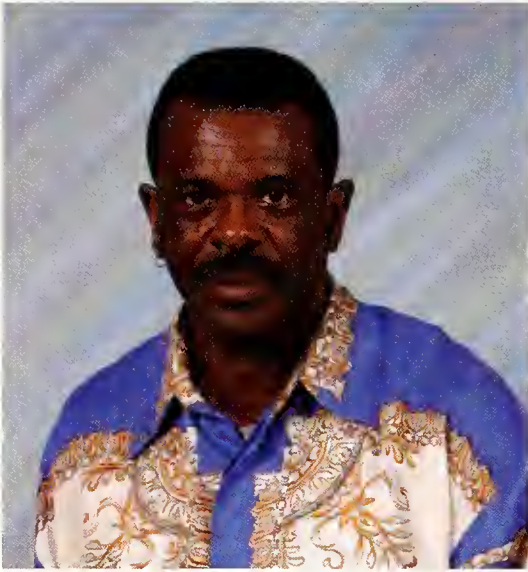

Spirit Week 2005

Look closely, if you blink, you might miss us.

The Hinds AHS Marching Band

Band Director - Mr. David Kelly

We know what to do when it's our turn to execute the play.

Preparation for success.

In order to execute a play, we have to be focused.

Position, position, position.

Coach Fields

The world is a stage to some, the field is a stage to us.

We will run this play over and over and over and over.

"If you think you can do it try, to take the ball from me.

The Hinds Agricultural High School Bulldog Basketball Team

Coach Williams has been with the team six years. A combination of belief in the coach and belief in the players and having faith in Christ are essential to the team's success. He likes the teamwork and dedication his team exemplifies. There are many talented players on his team, but he has no reservation attributing Joe White as the player who leads the team. This Bulldawgs have played hard throughout this year and are in the District Championship. The team loves the coach and the coach loves the team.

BASKETBALL

The Lady Bulldogs have enjoyed a 'history making season' according to Coach Bruce Wayne Baker, who attributes their winning season to the fact that they have a 'heck of a coach'. For the past two years, this team has worn every home game. They finished 27 and 6 and placed 4th in South State. The Lady Bulldogs have ranked 2nd place in 2A poll the first time in history. "Members are dedicated and work as a team should work."

Last Minute Details

"We have everything in place, right?"

"One red hot coming up, sir."

"My secret is what I put on the coals. If I tell you, I might have to hurt you."

"This was not in my contract."

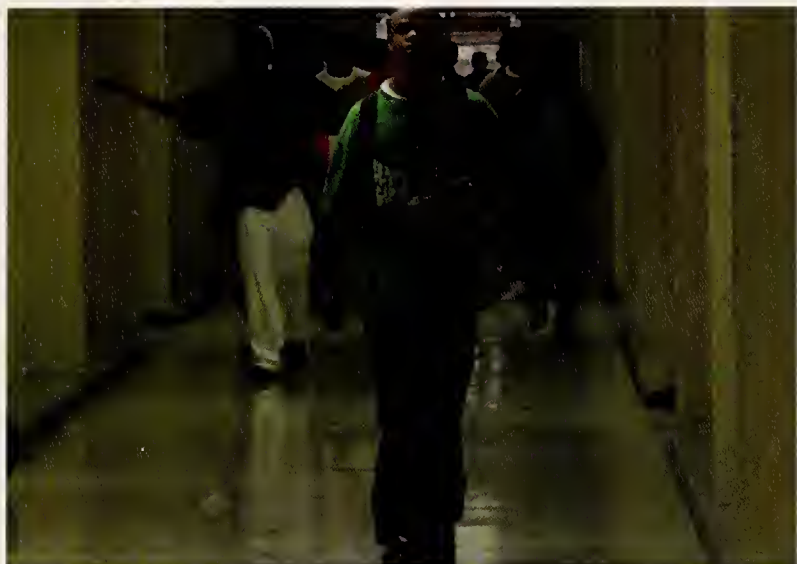

"Whatever you need to increase your team spirit, we have it."

"We have had a great season, haven't we?"

Priceless Moments

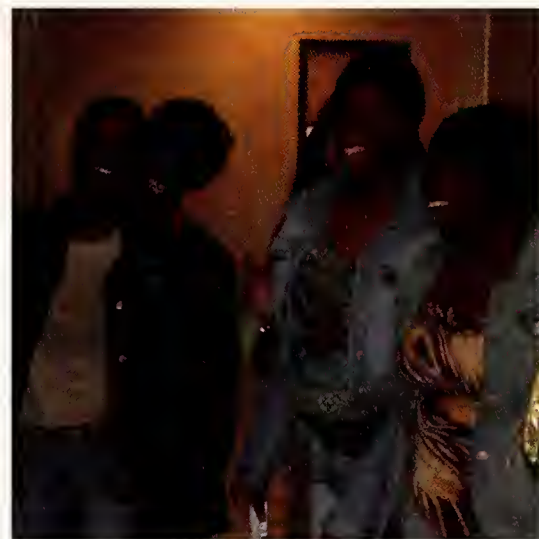

We walk with pride and purpose.

We have something to talk about.

Apryl is bombarded with well wishes.

We are so proud of our teams.

Henry hangs out with super stars.

We won last night, but today we have to go to class.

Talent Search Trips

"If we are willing to learn our lessons gently, they patiently await us in countless ways. Today, try listening to the wisdom of a child, accepting the kindness of a friend; reaching out to those in need; acting on your intuition."
Susan Ban Breathnach

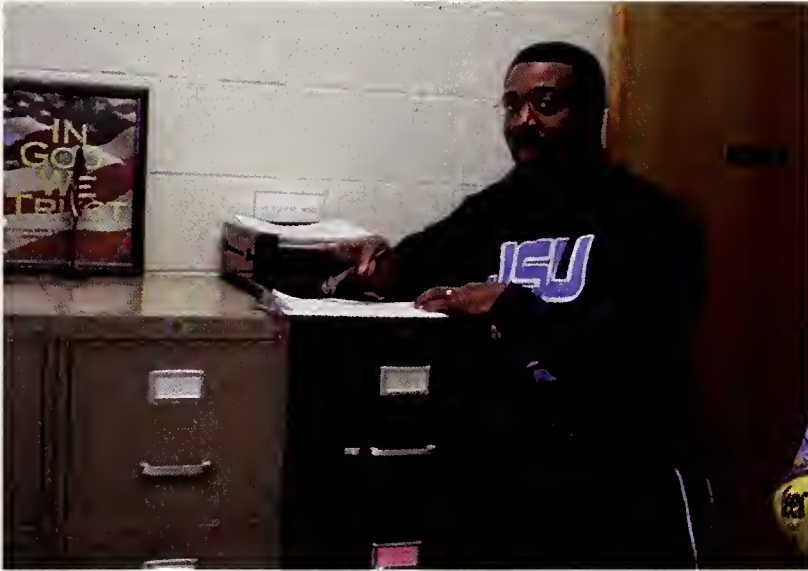

Classroom activities are extraordinary.

"
I have been driven many
times to my knees by the
overwhelming conviction
that I had no where else to
go. My own wisdom, and
that of all about me,
seemed insufficient for the
day."

Abraham Lincoln

Another day, another lesson, another class....

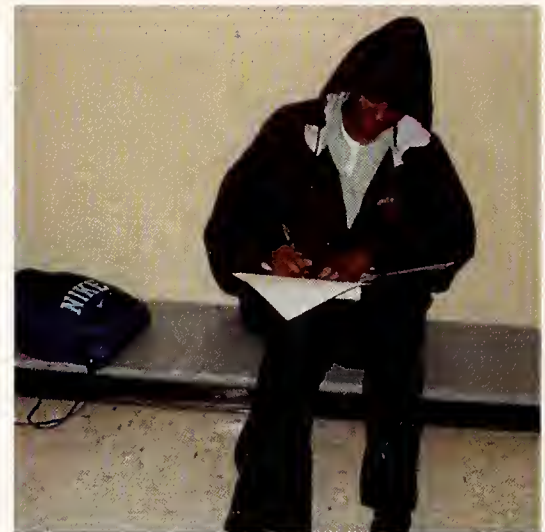

Mr. Williams is elated to be a teacher.

Britani has a lot to smile about.

Henry and his fellow students have time to pose for a picture.

I forgot to do my homework.

These are the pages we had to do.

I wonder what Terrica is looking at?

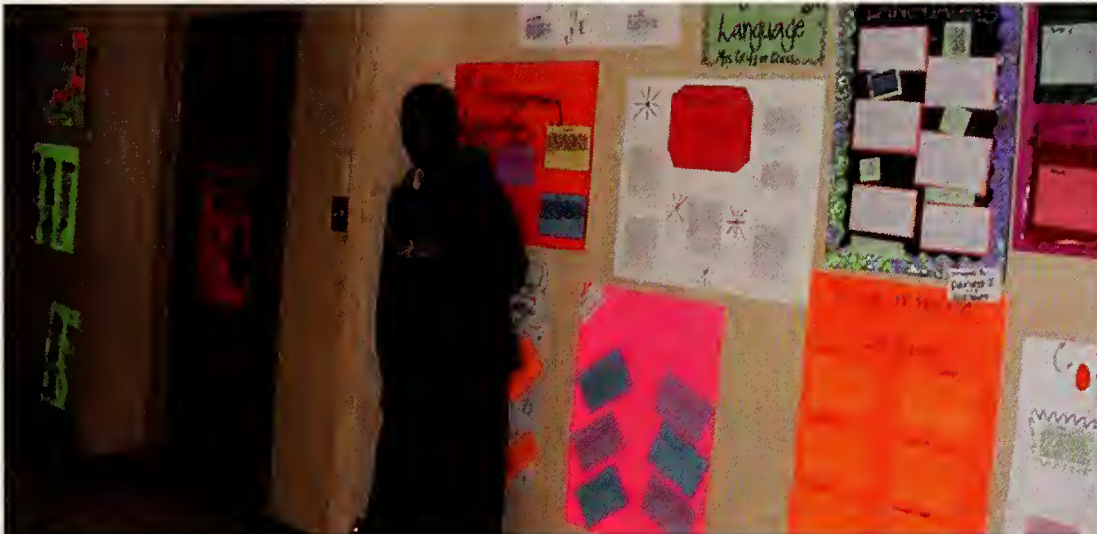

We are on our way to class....

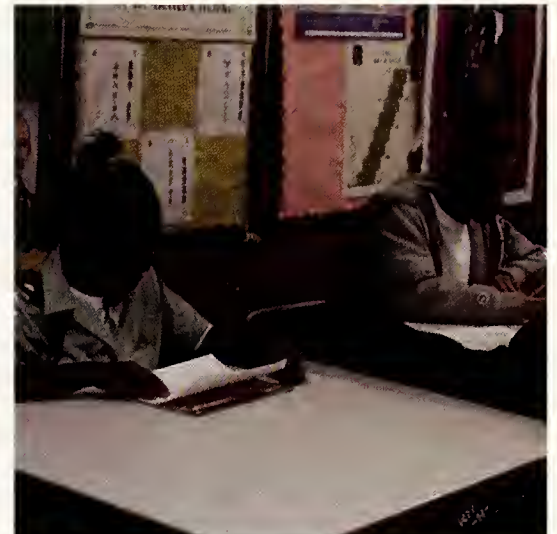

We know we look good.

The tardy bell has sounded. Where are my students?

I am waiting for Mrs. Hawkins to open the door.

I saw the answer somewhere.

I am so happy to be a student here.

Work, work, work, that is all that I do.

Hinds AHS - A Tradition in Education

This path led us to the main hall of learning.

This building housed the few, the late, and the bad.

Sometimes we parked in the first space available,

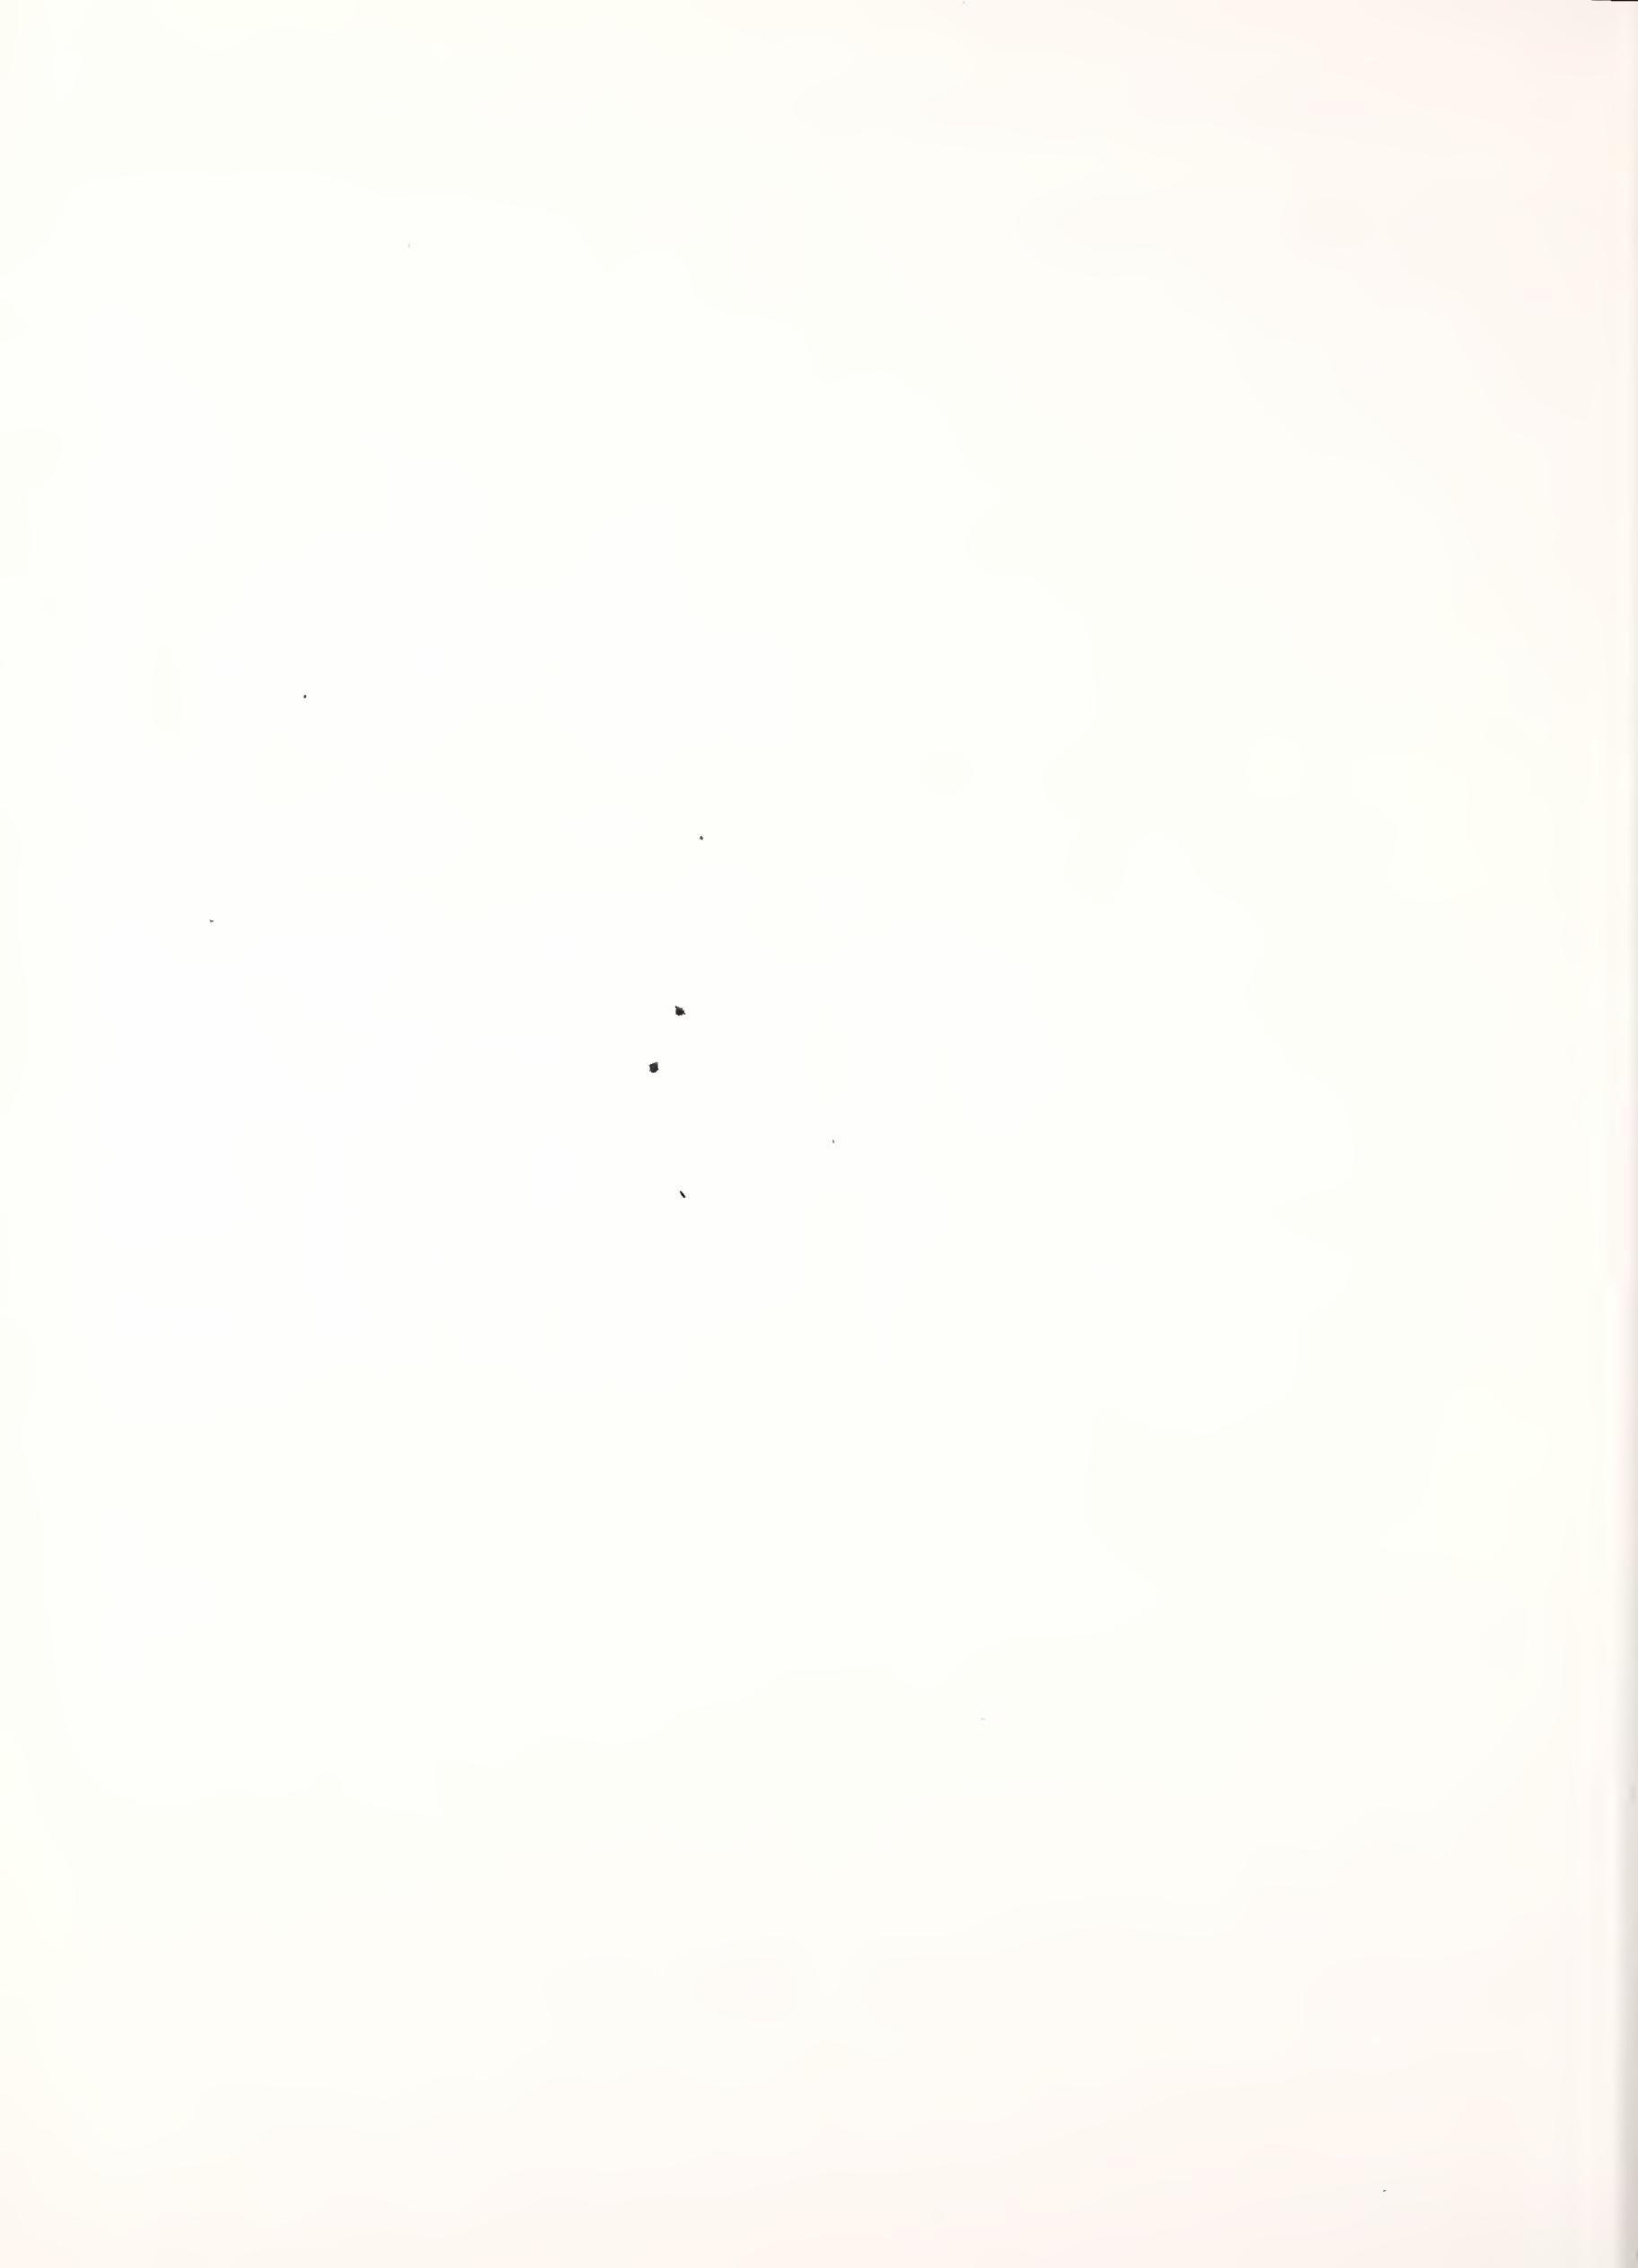

The historical bell still rings.

The fresh air enhanced out creative abilities.

It's all about getting an education.
